

Confluent Certified Administrator for Apache Kafka

Confluent Certified Developer for Apache Kafka

Demonstrate and validate your in-depth knowledge of Apache Kafka

Benefits

Certification is a good differentiator in the workplace and job market. You can show your current employer that you are well-versed in Apache Kafka, which can also help during compensation and promotion discussions. If you're looking for a new job, or to enhance your current one, you can use your Confluent Certification to stand out from the crowd.

Exam Description (Both Certifications)

Designed to validate professionals with a minimum of 6 - 12 months of Confluent experience

- Remotely proctored on your computer, and available anytime 24x7x365!
- 40 multiple choice questions in 90 minutes (Certified Administrator)
- 55 multiple choice questions in 90 minutes (Certified Developer)
- Available globally in English
